Re: RF Exposure Attestation for Archos 7 home tablet- Model Number 7700 /FCC ID: SOV7700

On behalf of ARCHOS SA we attest that above mentioned device complies with the RF exposure requirements as mandated by 47 CFR Part 15.247 and OET Bulletin 65

Its RF output, Antenna, antenna location, Device housing dose not change, so it does not have impact with SAR.

The previous SAR testing result should be still valid for this PCII.

Sincerely,

A handwritten signature in black ink that reads 'Yves Gregoire'.
