Subject: Ad Hoc Mode Function Declaration

FCC ID: SOVAC101PL

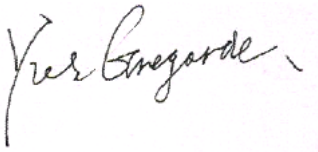

To Whom it may concern,

This device is acting as host device and operating in the 2.4 GHz (2412 – 2462 MHz) band.  
Ad Hoc function is supported but not able to operate on non-US frequencies.

Please contact the one signed below or the authorized agent for this filing.

Thank you.

Regards,

A handwritten signature in black ink, reading "Yves Gregoire", is positioned over a light pink rectangular background.
