Request for Permissive Change Class II
FCC ID: **SP2-TM5-E01**

Pursuant to CFR § 2.1043, **Toshiba Corporation** hereby requests a Permissive Change Class II for its application with FCC ID: **SP2-TM5-E01** granted on **3rd March 2009**.

Model name
TM5-E01

Purpose of modification:

The reason to make this change was the original specification did not meet the EU operator's requirements for DCS Low channel and E-GSM Low channel TRP.

Modifications:

We increased the Tx Power by 1dB for DCS1800 & 0.5dB for GSM900 via a software change to the NVRAM and changing antenna matching components.

The following new exhibits will be uploaded:

This document is to be included, it details the component value changes made to the antenna matching circuit.

- Update description_TG01W_20APR2009
- SAR test report

All other documents as provided in original filing remain applicable.

Sincerely,
