bress the play button to hear the next song. The snowman will begin to play a song. Once he finishes that song, Slide switch to "ON" to turn on.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules, these limits are designed to provide reasonable protection against harmful interference in a residential instrallation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause interference to radio communications.

however, there is no guarantee that interference will not occur in a particular installation, if this equipment does cause harmful

interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- O Recrient or relocate the receiving antenna.
- O increase the separation between the equipment and receiver
- O Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- O Consult the dealer or an experienced radio/TV technician for help.
