Nivis, LLC
900 Circle 75 Parkway
Suite 1700
Atlanta, GA 30339

Attention: L. Bay , Project Manager

NOT TRANSFERABLE

EQUIPMENT AUTHORIZATION is hereby issued to the named GRANTEE, and is VALID ONLY for the equipment identified hereon for use under the Commission's Rules and Regulations listed below.

FCC IDENTIFIER: SQB-NIVISP9050103
Name of Grantee: Nivis, LLC
Equipment Class: Part 15 Spread Spectrum Transmitter
Notes: Amplified Radio Modem

Grant Notes	FCC Rule Parts	Frequency Range (MHZ)	Output Watts	Frequency Tolerance	Emission Designator
20	15C	910.5 - 927.499962	0.13		

Modular Approval. Power Output listed is Conducted. This transmitter is authorized only for use in devices where the antenna may be installed such that no less than 20 cm will be maintained between the antenna and users, as specified in this filing. The antenna used for this device must be installed to provide a separation distance of at least 20cm from all persons, and must not be co-located or operating in conjunction with any other antenna or transmitter other than those contained within this device. Integrators must be provided with antenna installation instructions and transmitter operating conditions for satisfying RF Exposure compliance.

Co-located transmitter operating conditions with a minimun separation distance of 23cm between antennas with FCC ID: SQB-NIVISSGM48 have been evaluated as described in this filing.

20: All electrical and mechanical devices employed for spurious radiation suppression, including any modifications made during certification testing, must be incorporated in each unit marketed.
