Subject: Ever Sparkle Technologies Ltd., FCC ID: SQO81440, Assessment NO.: AN05T4600, Notice#1

Question #1: The support equipment shown on setup photos does not match that listed on the test report. Please update.
(Eric: The test report is updated per your comment, thanks.)

Question #2: The test report does not contain test data for radiated emission above 1GHz. Please provide the test data.
(Eric: The test report is updated per your comment, thanks.)

Question #3: The test report includes MPE calculation. MPE is for mobile application, which is not the case in this application. Please remove MPE calculation from the test report.
(Eric: The MPE calculation is removed, please refer to our revised test report, thanks.)

Question #4: The user manual does not meet requirement of FCC15.19(a)(3) and FCC15.247(b)(5). Please revise the user manual.
The possible RF exposure statement (FCC15.247(b)(5) could be: "The antenna(s) used for this transmitter must not be co-located or operating in conjunction with any other antenna or transmitter."
(Eric: Please refer to the revised user manual, thanks.)

Question #5: The schematic indicates it is Dongle version. Please provide schematic for Headset version.
(Eric: Schematics for the headset is attached, thanks,)

Best Regards,
Helen Zhao

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.
