## TrackR
### Setup Guide

---

**Apple® Fans Start Here**

**1** Make sure your device is compatible

iPhone® 4S & Later, iPad® Mini & Later, iPad 3rd Gen. & Later with iOS 7 or Later.

**2** Download the TrackR app
Search the App Store for **TrackR**, look for the icon, as seen below.

**3** Make sure Bluetooth is ON, and open the TrackR app.

**4** Select "OK" to Current Location & Bluetooth permissions. We need these permissions in order for the app to work. If you accidently select no, please go to iPhone settings to enable these. Settings> Privacy> Location Services, and switch TrackR ON.
**5** In the App, select "Get Started".

Please visit www.thetrackr.com/support, or email support@thetrackr.com.

**Android Fans, Please see the reverse side.**

**6** Register for Crowd GPS capabilities.
You will receive an email, to confirm your account.
When done, select "Next" in the upper right corner.
(Registration is completely optional)
**7** Select "StickR TrackR" from the list of compatible devices. Select "Continue" to show the "Add Device" screen.

**8** Push the button on the MEZZI TrackR device. The blue LED will blink.

**9** Select "tkr" and the app will connect. Follow the on screen instructions and enjoy your TrackR!

 **TrackR**
Setup Guide

---

Android® Fans Start Here

**1** Make sure your device is compatible.
**Android 4.4 & Later with Bluetooth® Low Energy.**

**2** Download the TrackR app from Google Play.
Search Google Play for TrackR,
look for the icon as seen below.

**3** Make sure Bluetooth is ON,
and open the TrackR app.

**4** Press the "Get Started" button in the app.

**5** Register the app for future news, support, and
discounts. When done select Next in the top right

Registration is optional.

Please visit www.thetrackr.com/support,
or email support@thetrackr.com.

**Apple Fans, Please see the Reverse Side**

**6** Select Yes when asked if you have a TrackR device
with you, then select add a new device.

**7** Push the button on
the MEZZI TrackR
device. The LED
will blink.

**8** In the TrackR app, the Add Device screen should
be showing. Select refresh at the top right corner,
and "**tkr**" should appear on the screen.

**9** Select **tkr** and the app will connect. Select "Pair"
when prompted, and the device will beep to
let you know it connected properly. Follow the
on-screen instructions and enjoy TrackR.

**Federal Communications Commission (FCC) Statement**

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note:The manufacturer is not responsible for any radio or tv

interference caused by unauthorized modifications to this

equipment. Such modifications could void the user's

authority to operate the equipment.

**Warning:**
Changes or modifications made to this device not expressly approved by US Offshore Group may void the FCC authorization to operate this device.
