**Subject: Confidentiality Request for GD Canada 4WARN Sentry 3000
FCC ID # SMR-30002004**

To Whom it May Concern

On behalf of General Dynamics Canada, it is requested that the following information regarding our 4WARN Sentry 3000 submission for FCC ID# SMR-30002004, be withheld from public inspection in accordance with CFR Part 0, sections 457 and 459. General Dynamics Canada considers the following information submitted under this application as confidential:

1. Pictures of all CCAs and interior components – Exhibit 9
2. Schematic diagrams – Exhibit 5
3. Parts List – Exhibit 10

The basis by which General Dynamics Canada requests confidentiality for the identified items is that:

The material contains trade secrets and technical data, which is guarded by General Dynamics Canada from our competitors. Release of these trade secrets would result in competitive harm to GD Canada. This information is also considered to be proprietary in nature and is commercial and competitive sensitive. This product also serves a unique and competitive niche in the biological detection market.

We trust that this information is satisfactory. If you require any additional information, please contact Mr. Darren Bird at (403) 730-1115 or the undersigned at (403) 295-5481.

Yours truly,

A handwritten signature in black ink, appearing to read "S. Souka". The signature is fluid and cursive.
