## C2PC\_cover\_letter

To: Federal Communications Commission,  
Authorization & Evaluation Division,  
7435 Oakland Mills Road,  
Columbia, MD 21046

To Whom It May Concern:

ZTE Corporation respectfully requests a Class II permissive change for FCC ID: **SRQ-A210**. There are no hardware or RF parameters software changes. Except below:

**1.PCE frequency bands change**

Because the market purpose, remove one sim card slot and disable LTE B2, B7, B12,B17, by software control.

The software change only by manufacturer.

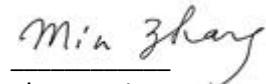

**2.GSM/WCDMA/LTE Main antenna**

Re-design the main antenna to match other frequency

The antenna type and gain have not changed.

Thank you for your attention to this matter.

Yours Sincerely,

Zhang Min

ZTE Corporation
