Pursuant to FCC 47 CRF 0.457(d) and 0.459 and IC RSP-subject FCC application be held confidential.	100, Section 10, the applicant requests that a part of the
Short Term	Exhibit Block Diagrams External Photos Internal Photos Operation Description/Theory of Operation Parts List & Placement/BOM Tune-Up Procedure Schematics Test Setup Photos User's Manual
ZTE Corporation has spent substantial effort in developing this product and it is one of the first of its kind in industry. Having the subject information easily available to "competition" would negate the advantage they have achieved by developing this product. Not protecting the details of the design will result in financial hardship.  Permanent Confidentiality: The applicant requests the exhibits listed above as permanently confidential be permanently withheld from public review due to materials that contain trade secrets and proprietary information not customarily released to the public.	
Short-Term Confidentiality:  The applicant requests the exhibits selected above as short term confidential be withheld from public view for a period of days from the date of the Grant of Equipment Authorization and prior to marketing. This is to avoid premature release of sensitive information prior to marketing or release of the product to the public. Applicant is also aware that they are responsible to notify TCB in the event information regarding the product or the product is made available to the public. TCB will then release the documents listed above for public disclosure pursuant to FCC Public Notice DA 04-1705.	
NOTE for Industry Canada Applications: The applicant understands that until such time that IC distinguisher type of marked exhibit above will simply be marked.	nguishes between Short Term and Permanent Confidentiality I Confidential when submitted to IC.
Sincerely,  By:  (Signature/Title <sup>2</sup> )	Min Zhang (Print name)
