USER'S MANUAL INFORMATION (PRELIMINARY)

The KeylessRide **SRW-KRVAR001** is a replacement remote for original equipment and aftermarket automotive keyless entry systems. The features and functions associated with each of the four channels of the KeylessRide remote is dependent on the year, make and model of the vehicle. Such functions include remote control operation of the vehicle's lock, unlock, horn, trunk, dome light and power sliding door functions. These functions are activated by pressing the corresponding button on the remote control.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

WARNING: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
