4. Others to comply with KDB 784748 D02

For user, it is easy to check the whole compliance information following the guideline provided in paragraph 1. And there is no special codes, accessories, or permissions to access the compliance info. Once power on, the product will enter home menu and never lock. The compliance info (FCC ID and IC number, warning statements...) is displayed electronically and clearly legible without the aid of magnification.

The compliance info. and access method is secured and implemented in a factory-set-unalterable format, it is defined by the firmware. End-user or any third part are not able to edit them or change them.
