FCC E-Labelling

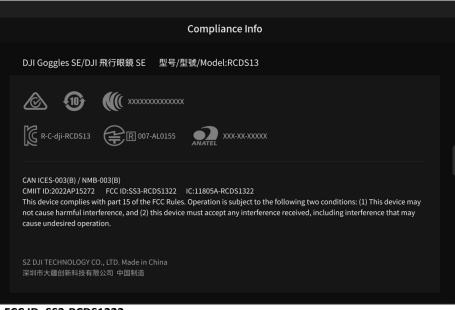

Model: RCDS13 FCC ID: SS3-RCDS1322 IC: 11805A-RCDS1322

A. Information to be displayed

1. The information that will be displayed on the e-label and information that will remain in the user manual is shown below:

Information	On E-label	In Manual	Packaging label
FCC ID number	Yes	No	Yes
FCC logo	No	No	No
15.19 statement ("This device complies with part 15 of the FCC	Yes	Yes	Yes
Rules. Operation is subject to the following two conditions: (1) This			
device may not cause harmful interference, and (2) this device must			
accept any interference received, including interference that may			
cause undesired operation.")			
Class A / B Digital Device user manual statements	No	Yes	No
Caution to the user that changes or modifications not expressly	No	Yes	No
approved by the party responsible for compliance could void the			
user's authority to operate the equipment			
Describe any other FCC regulatory information included in e-label	No	Yes	No
Model name	Yes	Yes	Yes

Images of the e-label screen are provided below:

B. Access to the required information on the e-label

1. Users are able to access the information in no more than three steps in a device's menu. The actual steps are:

STEP 1: User taps the settings area (on device's display.)

STEP2: User clicks on about entry

Status	Safety >	
Album	Control >	
Transmission	Camera >	
٠	Display >	
Settings	About >	

After step 2, the user can access the required FCC and IC information:

ılı	Abou	ut
Status	Goggles SN	5VPDK9K0010130
	Battery SN	4YPPK5PFAP0093
Album	Battery Cycle Count	28
4	Camera SN	4TTFJA72A100QU
Transmission	FlySafe Database	01.00.01.27
• Settings	Compliance Info	>
	Language	English 🗧
	Reset All	

No special access codes or permissions are required to go through the above steps beyond entering a userdefined password to protect against unauthorized access to the device.

2. The information is stored on the device, no special accessories or supplemental plug-ins (*e.g.*, a SIM/USIM card) are required to access the information.

Devices do not require special accessories or supplemental plug-ins to access the information.

3. Users are provided specific instructions on how to access the information.

The information is provided in the User manual. A copy is attached as an exhibit document user manual.pdf.

C. Labeling for Importation and Purchasing

Products utilizing e-labels are required to have a physical label on the product at the time of importation, marketing and sales. For devices imported in bulk and not packaged individually, a removable adhesive label or, for devices in protective bags, a label on the bags is acceptable for this purpose. Any removable label shall be of a type intended to survive normal shipping and handling and must only be removed by the customer after purchase. For devices imported already in individual packages ready for sale, the information may alternatively be provided on the package. It shall contain:

1. The FCC ID and/or the FCC logo (if applicable); and

2. Any other information required by specific rule to be provided on the surface of the product unless such information is permitted to be included in the User's manual or other packaging inserts.

The FCC ID is printed on the package.

D. Other considerations

1. The above information must be programmed by the responsible party and the information must be secured in such a manner that third-parties cannot modify it.

The e-label information is pre-programmed by the grantee. The user cannot modify the e-label information.

2. All the applicable regulatory information required on the packaging or user instructions must be provided according to the rules even if it is displayed electronically. For example, hearing aid compatibility (HAC) ratings for the phones as specified in 47 C.F.R. § 20.19.

The information required by the applicable FCC rule exists in the user manual.
