

The back of the device is white with black text and logos. At the top left is the DJI logo. To its right is a black circle with 'C2' in white. In the center, it says 'FCC ID: SS3-MR1SS51905', 'Battery: 2600mAh 3.6V', and 'IC: II0504-MR1SS51905'. To the right of this is 'Input: 5V=2A' and 'CMIIIT ID:XXXXXXXXXX'. Further right is '深圳市大疆创新科技有限公司' and '中国制造' above 'MADE IN CHINA'. At the bottom, it says 'This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: 1. This device may not cause harmful interference, and 2. This device must accept any interference received, including interference that may cause undesired operation.' Below this text are three logos: a triangle with a checkmark, a circle with three curved lines and 'XXXXXXXXXXXXXX', and a circle with 'BC'. At the bottom left are two more logos: a circle with '10' and a circle with 'ANATEL' and 'XXXX-XX-XXXXX'.

This figure shows an aerial view of a building complex. A red bounding box highlights a specific area within the complex, which is the focus of the subsequent analysis.
