Connect Battery Power

Remove the battery compartment cover on the back of the unit by carefully pushing the two lugs down. The battery cover can then be lifted away. Fit the correct batteries (not included), referring to the polarity markings. Finally, replace the cover.

- For battery operation, unplug the adapter first.
- Batteries shall not be exposed to excessive heat such as sunshine, fire
- Be sure that the batteries are installed polarity correctly.
- Do not mix old and new batteries.
- Only same or equivalent type batteries as recommend are to be used.
- If not to be used for an extended period of time, remove the batteries.
- Do not dispose of batteries in fire, battery may explode or leak. Do not try to recharge a battery
