FCC and IC Confidentiality Request

In accordance with 0.459 & 0.457 of CFR 47, please, accept this letter as an official request to have the following kept as confidential for the reference FCC IDs STA-IT100, STA-IT300 and STA-IT700. The information provided is for the sole purpose of inclusion as exhibits in the Application for Certificate of the FCC IDs stated above:

We ask to keep confidential the following TAG (model # IT700), Spider (model # IT300) and Star (model #IT100) documents:

- Schematics
- Block diagram
- Operational description
- Internal photos. Disclosure of the photos will reveal our competition proprietary design and manufacturing techniques which differentiate our products from those of other vendors. Such disclosure would cause us to lose the competitive edge (This section is only applied to IT700 and IT300).

The information contained within is considered as trade secrets and should not be made public. The Spider is typically installed out of people reach (attached to ceilings). The TAG is ultrasonically welded and was specially made difficult to open. The devices are not consumer electronic devices and as such are not sold in retail stores but only to verified customers.

Sincerely,

Israel Amir
CTO
Remote Play, Inc.
