**Request for Short-Term Confidentiality**

To Whom It May Concern:

In accordance with 0.457 and 0.459 of CFR 47, R-Tron Inc. requests short-term confidentiality for the test setup photos, external photos, internal photos, and user's manual of the attached test report.

These documents contain detailed system and equipment descriptions and related information about the product, which R-Tron Inc. considers to be proprietary, confidential, and a custom design and otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve, R-tron feels that this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give our competitors an unfair advantage in the market.

Sincerely,

A handwritten signature in black ink, appearing to read "T. W. Kim". It is written in a cursive, flowing style with a horizontal line underneath it.
