Wireless Booster

Part 90 & Part 24 Certification

Request for Confidentiality

Gentlemen:

The service provider, Sprint with Nextel, requests to cover with 65MHz-bandwidth; from 1850MHz to 1915MHz of uplink and from 1930MHz to 1995MHz of downlink frequency. For the reasons, G-block is included as an operating frequency range of RSN-TRI-25/24-DC. Sprint with Nextel is planning to serve on G-block in the nearest future. Hence, R-tron supports the frequency plan of Sprint with Nextel.

Sincerely,

A handwritten signature in black ink that reads "Park Jong Hwan". The signature is written in a cursive style and is positioned above a solid horizontal line.

R-tron, Inc.
