

EXHIBIT C - EUT INTERNAL PHOTOGRAPHS

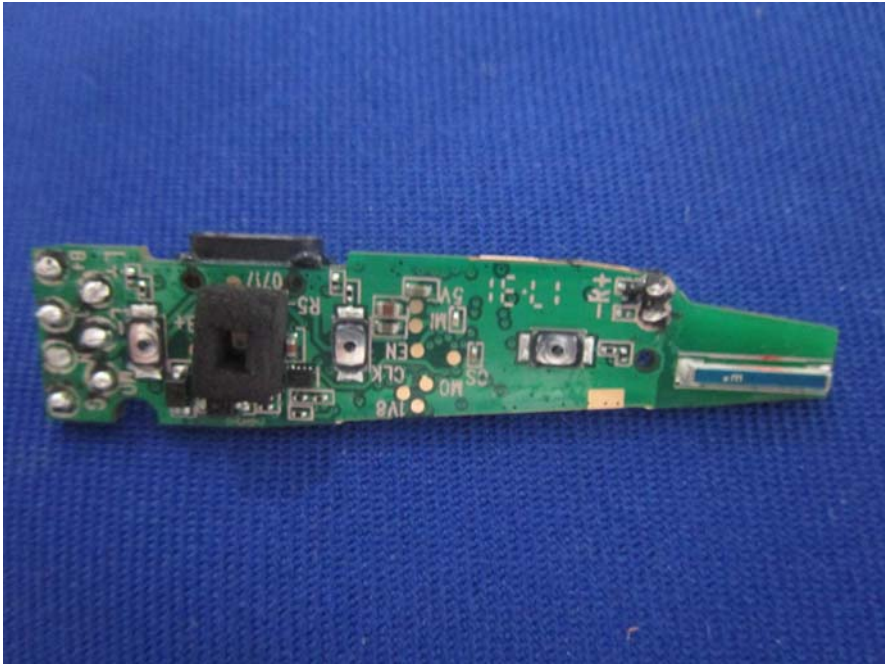

EUT – Uncover View

EUT – Mainboard 1 Top View

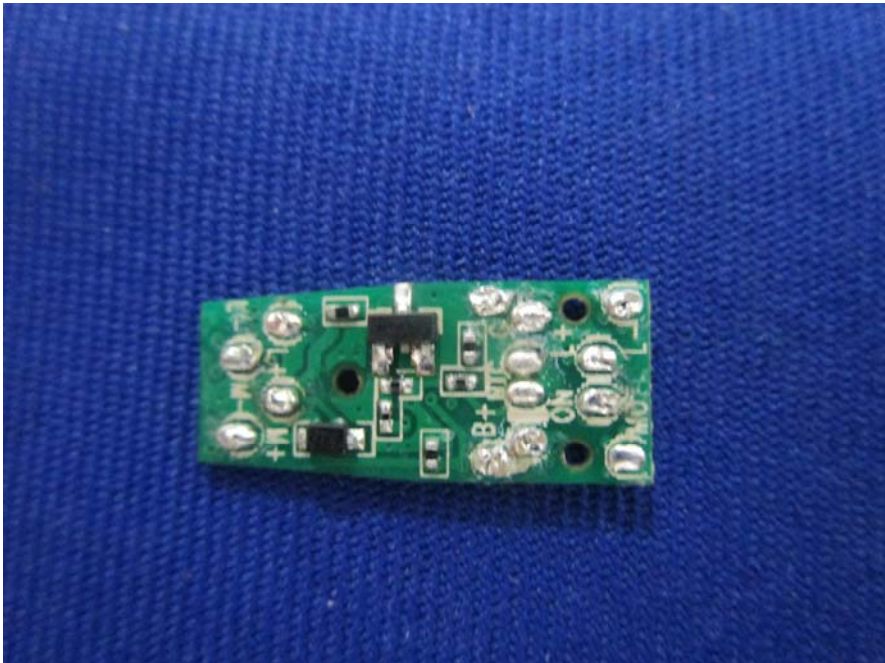

EUT – Mainboard 1 Bottom View

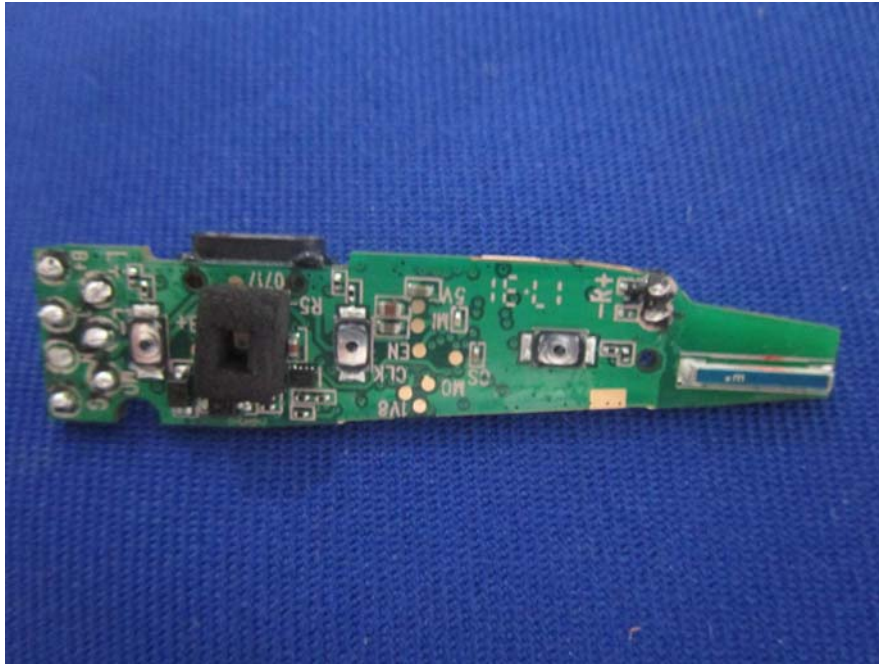

This image shows the bottom view of a green printed circuit board (PCB) for EUT Mainboard 1. The board is rectangular with a tapered right side. It features several silver-colored surface-mount components, including capacitors and resistors. A large black integrated circuit (IC) is visible near the center. The board is populated with various electronic components and is set against a blue background.

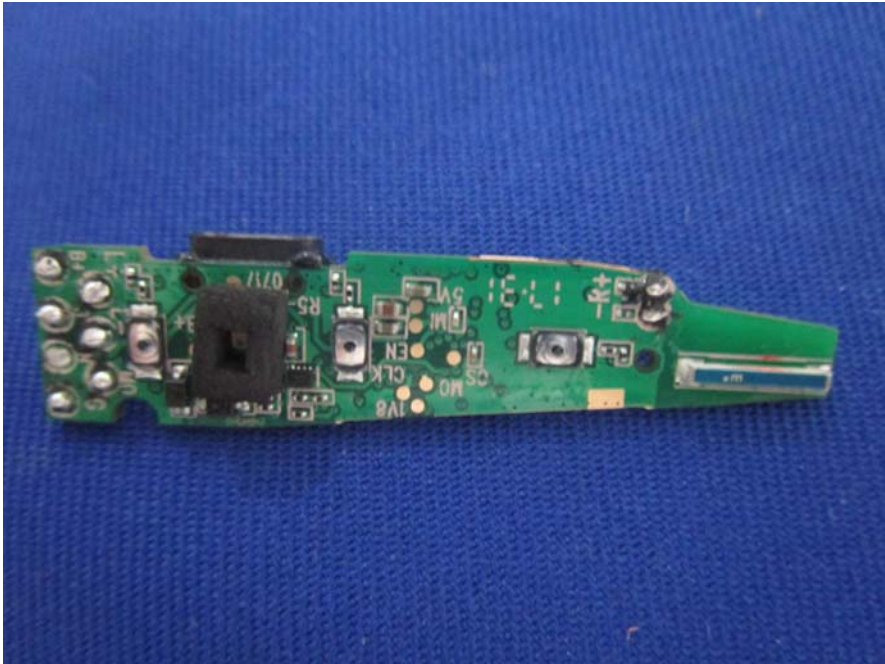

EUT – Mainboard 2 Top View

This image shows the top view of a green printed circuit board (PCB) for EUT Mainboard 2. The board is rectangular with a tapered right side. It features several silver-colored surface-mount components, including capacitors and resistors. A large black integrated circuit (IC) is visible near the center. The board is populated with various electronic components and is set against a blue background.

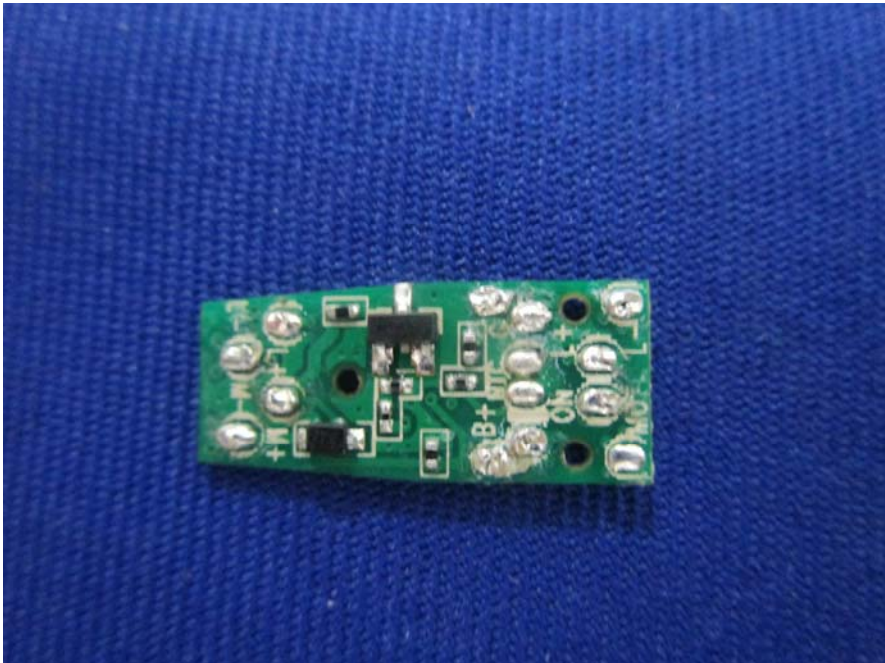

EUT – Mainboard 1 Bottom View

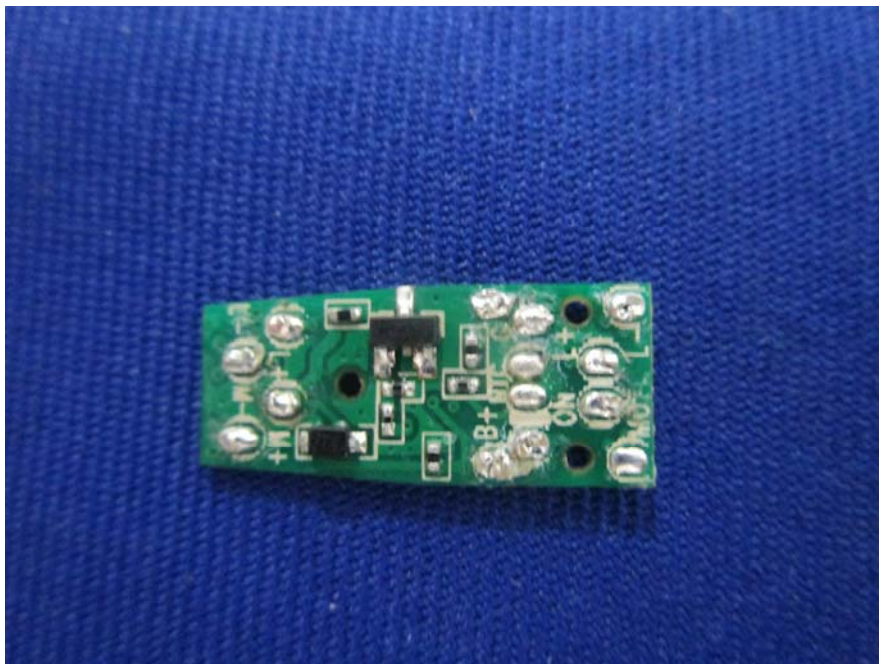

This image shows the bottom view of a green printed circuit board (PCB) for EUT Mainboard 1. The board is populated with various electronic components, including a large black integrated circuit (IC) in the center, several smaller ICs, and numerous surface-mount components. A multi-pin connector is visible on the left side, and a small blue component is on the right. The board is set against a blue textured background.

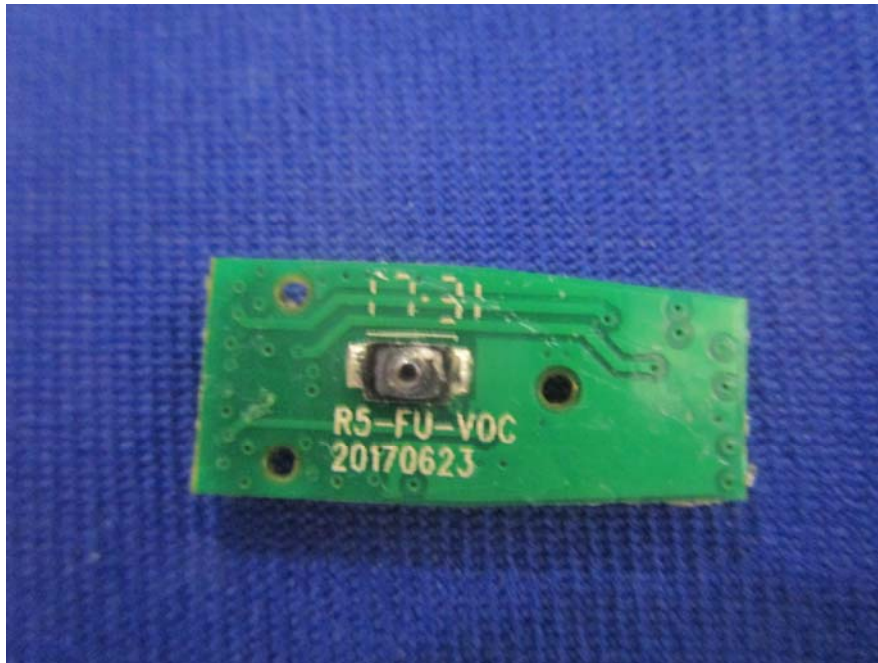

EUT – Mainboard 2 Top View

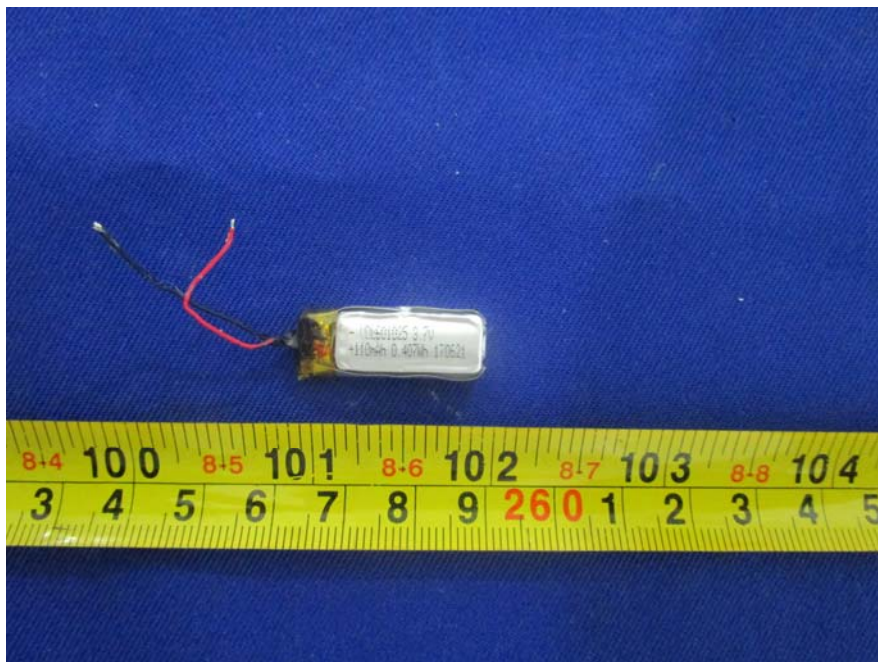

This image shows the top view of a green printed circuit board (PCB) for EUT Mainboard 2. The board features a central black IC, several smaller ICs, and numerous surface-mount components. A multi-pin connector is visible on the left side, and a small blue component is on the right. The board is set against a blue textured background.
