MADE IN KOREA

The image shows two views of the Simoco SDP560 AC device. On the left is the back view, showing a black plastic battery cover with a white label containing technical specifications and regulatory information. On the right is the front view, showing a silver-colored metal frame with a black screen and a black plastic keypad. The device has two antennas on top. Two lines point from the top label to the front view: one points to the screen area and the other points to the keypad area.

A yellow triangle with a black exclamation mark inside, used as a caution symbol.

Device must be restricted to occupational use to satisfy FCC RF exposure compliance. See relevant product documentation for details.
