**Re: Frequency Programming:  
FCC ID: STZSDP600AC**

To Whom It May Concern:

The frequency of operation of the STZSDP600AC portable radio cannot be programmed by the operator to transmit on frequencies other than those programmed by service or maintenance personnel. The STZSDP600AC portable radio requires the operating frequencies to be programmed through the use of an external device only available to service or maintenance personnel.

Thank you for your attention to these matters.

Yours sincerely,

Simoco Australasia Pty Ltd
