

USB TV Dongle

# **User's Manual**

## **ABOUT THIS MANUAL**

This manual is designed for use with the USB TV Dongle. Information in this document has been carefully checked for accuracy; however, no guarantee is given to the correctness of the contents. The information in this document is subject to change without notice. The manufacturer does not make any representations or warranties (implied or otherwise) regarding the accuracy and completeness of this document and shall in no event be liable for any loss of profit or any commercial damage, including but not limited to special, incidental, consequential, or other damage.

## **SAFETY INSTRUCTIONS**

Always read the safety instructions carefully:

- ◆ Keep this User's Manual for future reference
- ◆ Keep this equipment away from humidity
- ◆ If any of the following situation arises, get the equipment checked by a service technician:
  - The equipment has been exposed to moisture.
  - The equipment has been dropped and damaged.
  - The equipment has obvious sign of breakage.
  - The equipment has not been working well or you cannot get it to work according to the User's Manual.

## **COPYRIGHT**

This document contains proprietary information protected by copyright. All right are reserved. No part of this manual may be reproduced by any mechanical, electronic or other means, in any form, without prior written permission of the manufacturer.

# Introduction

This USB TV Dongle enables you wirelessly transmit sound from your TV to the Wireless Headphone. Without messy wires, just simply connecting the USB TV Dongle to your TV 's or media player 's USB and audio port, it can enable wireless audio connection between your device and headphone.

# Features

- No more wires, and less cable clutter
- Proprietary 2.4GHz Wireless solution
- Special design for Media player and LED/LCD TV sets that come with USB ports.
- Low power consumption / Low audio noise
- Support 1-n Broadcasting
- Innovative transmission dongle can connect to all kinds of Media Players and TV sets that comes with the USB port. By using the USB power on Media Player and TV set, it doesn't need extra power adapter for TV dongle side.

Press the transmitter pairing bottom over 3 seconds first and then press the the headphone pair bottom over 3 seconds until you heard the “bi” sound in the headphone to indicator the association successfully.

# Regulatory Compliance

## FCC Conditions

This equipment has been tested and found to comply with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference
- (2) This device must accept any interference received. Including interference that may cause undesired operation.

**Important!** Changes or modifications not expressly approved by the manufacturer responsible for compliance could void the user's authority to operate the equipment. Use an approved phone set.

**Note:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

## CE

This equipment is in compliance with the requirements of the following regulations:  
EN 55 022: CLASS B

## WEEE Information

For EU (European Union) member users:

According to the WEEE (Waste electrical and electronic equipment) Directive, do not dispose of this product as household waste or commercial waste. Waste electrical and electronic equipment should be appropriately collected and recycled as required by practices established for your country. For information on recycling of this product, please contact your local authorities, your household waste disposal service or the shop where you purchased the product.
