CAUTION：Laser radiation Do not stare into beam!

Table of Contents

1. Introduction

This **2.4GHz RF Wireless Presenter** will offer you increased control for more effective presentations. Please read this manual to learn valuable information about the proper use and installation.

With this Wireless Presenter, you don't need to stand beside your computer or have an additional person click the slide for you, nor do you need to aim at the receiver of the remote control.

It is a special design presentation tool, its USB receiver is designed slim enough to snap into the main body of the Wireless Presenter.

It is the mixed of RF wireless control of PowerPoint keyboard shortcuts and the laser point. This device enables the user to control presentation slides wirelessly up to 100 feet (30 meters) away indoors, while the laser pointer up to over 50 meters from the target.

It is a USB plug-and-play device with no additional software required. The safety switch provides protection against unintentional laser beam into human eyes.

Features

- USB receiver stores conveniently inside the remote
- Up to 100ft of wireless range
- Built-in laser pointer
- Compatible with most presentation applications including Microsoft PowerPoint and Apple Keynote
- Next slide, previous slide buttons
- Screen-hide button
- No software required
- Plug & play

Package Contents

Before installation, please check the items in the package. The package should contain the following items:

- 2.4GHz RF Wireless Presenter   x1
  (With USB receiver)
- AAA Battery   x1
- User's Manual   x1

System Requirement

- Operating Systems: Windows 2000, XP & Vista; Mac OS 9.x and up
- The Wireless Presenter interface with the computer hardware is through the USB dongle

3. Using the Presenter

Step 1: Open the battery cover on the back and insert the

battery.

> **Notes on battery**
>
> ■ Do not insert battery into the Mini Presenter in the wrong direction.
>
> ■ Do not leave dead or exhausted battery in the Mini Presenter.
>
> ■ If you do not use the Wireless Presenter for a long period of time, remove the battery to avoid possible damage from battery corrosion.
>
> ■ If the Wireless Presenter does not function correctly or if the operating range becomes reduced, try to replace the battery with new one.

Step 2: Take out the USB receiver attached on the top and

plug it into an available USB port.

Plug the USB Receiver into your computer's USB port. You may also use the spare USB port on your keyboard or a USB port on a hub connected to your computer.

You do not need to turn off your computer before connecting or disconnecting a USB device.

The operation system identifies the receiver, prompts" USB Human Interface Device" and begins installation automatically. Please follow the instruction on the screen to complete the installation procedure.

Step 3: The function of the keys

Key	Function
▶ǁ	Click to start the slide show / exit the slide show
<	Next Slide (Page Down)

▣	Alt + Tab
▤	Turn the presentation screen to all black
□	Laser beam

4. Specifications

Programmable Data Rate	Up to 500 Kbps
Compliance	USB1.1 & USB 2.0
Operating Systems	Windows 2000, XP & Vista Mac OS 9.x and up
RF Band	2.4 GHZ
Max Distance	100ft
Power Supply	1 AAA 1.2V battery
USB RF Dongle	USB Type A Plug
Size (Lx W x H)	105 x 30 x 19.5 mm
Housing Material	Plastic (ABS)
weight	120g
Operation temperature	10 ~ 40 degree
Storage temperature	-10 ~ 80 degree
Certification	FCC, CE

* Specification is subject to change without notice

5. Regulatory Compliance

FCC Conditions

This equipment has been tested and found to comply with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference

(2) This device must accept any interference received. Including interference that may cause undesired operation.

Important! Changes or modifications not expressly approved by the manufacturer responsible for compliance could void the user's authority to operate the equipment. Use an approved phone set.

CE

This equipment is in compliance with the requirements of the following regulations: EN 55 022: CLASS B

WEEE Information

For EU (European Union) member users:
According to the WEEE (Waste electrical and electronic equipment) Directive, do not dispose of this product as household waste or commercial waste. Waste electrical and electronic equipment should be appropriately collected and recycled as required by practices established for your country. For information on recycling of this product, please contact your local authorities, your household waste disposal service or the shop where you purchased the product.
