

Ubiquiti Networks, Inc.

Office of Engineering Technology
Federal Communications Commission
7435 Oakland Mills Road
Columbia, MD 21046

Date: July 23, 2018

Subject: Request for Confidentiality
FCC ID: SWX-AFSP

To Whom It May Concern,

Pursuant to the provisions of Sections 0.457 and 0.459 of Commission's rules (47CFR0.457, 0.459), we are requesting the Commission to withhold the following attachment(s) as confidential document from public disclosure indefinitely.

- Schematic Diagram/Circuit Diagram
- Block Diagram
- Circuit Description/Operational Description/Theory of Operation

Above mentioned document contains detailed system and equipment description are considered as proprietary information in operation of the equipment. The public disclosure of above documents might be harmful to our company and would give competitor an unfair advantage in the market.

It is our understanding that all measurement test reports, FCC ID label format and correspondent during certification review process cannot be granted as confidential documents and those information will be available for public review once the grant of equipment authorization is issued.

Short Term Confidentiality

In addition to the above mentioned documents, pursuant to Public Notice DA 04-1705 of the Commission's policy, in order to comply with the marketing regulations in 47 CFR

§2.803 and the importation rules in 47 CFR §2.1204, while ensuring that business sensitive information remains confidential until the actual marketing of newly authorized devices, Ubiquiti Networks, Inc. requests that the Commission withholds the following documents from public viewing for one hundred eighty days after the date the grant of equipment authorization is issued:

- External Photographs
- Internal Photographs
- Test Setup Photographs

These documents reveal technical and design information that has not been publicly disclosed in marketing materials and is protected by Ubiquiti Networks, Inc. as confidential and proprietary trade secrets. This information has been disclosed to those required to maintain its confidentiality, and is not customarily disclosed publicly prior to the commercial release of the device. As a result, disclosure of this information by the Commission prior to commercial release would harm Ubiquiti Networks, Inc. by giving competitors an unfair market advantage. Ubiquiti Networks, Inc. believes the period of confidentiality requested is necessary to protect the information until the commercial release of a device.

It is our understanding that measurement test reports and FCC ID label format cannot be granted as confidential documents and this information will be available for public review once the grant of equipment authorization is issued.

Yours Sincerely,
Mark Feil

Compliance Manager
