**RE: CONFIDENTIALITY REQUEST FOR NanoBridgeM365/NanoStationM365 (FCC ID: SWX-M365N)**

To Whom It May Concern:

This letter serves as an official request for confidentiality under FCC Rule Section 0.457 & 0.459. We have requested that the schematics, block diagrams, theory of operation, BOMs and internal photos required to be submitted with this application be withheld from public review. These documents contain proprietary information that would sacrifice our competitive advantage in the marketplace if made public.

Ubiquiti declares the NanoBridgeM365/NanoStationM365 requires special tools to open. Ordinary tools can not be used to open the EUT to view the internal boards.

Please contact me if there is any information you may need.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert J. Pera", is written over a light yellow rectangular background.
