RE: Professional Installation for Ubiquiti Networks Model **RocketM5**

To Whom It May Concern:

This product is designed for outdoor point to point broadband wireless. It is available through special distribution channels worldwide serving system integrators in the Wireless Internet Service Provider Industry. A professional installer with experience in extended Ethernet cable deployment, tower mounting, and Ubiquiti AirMax system knowledge will be required to properly enable the equipment.

Please contact me if there is any information you may need.

Sincerely,
