Ubiquiti Inc.

E-Label Information

Model: UC-Display21

A. Information to be displayed

1. The information that will be displayed on the e-label and information that will remain in the user manual is shown below:

Information	On e-label	In Manual
FCC/ISED ID number	Yes	No
FCC logo / DoC logo	No	No
15.19 statement ("This device	Yes	No
complies with part 15 of the FCC		
Rules. Operation is subject to the		
following two conditions: (1)		
This device may not cause		
harmful interference, and (2) this		
device must accept any		
interference received, including		
interference that may cause		
undesired operation.")		
Class A / B Digital Device user	Yes	No
manual statements ¹		
Caution to the user that changes	Yes	No
or modifications not expressly		
approved by the party responsible		
for compliance could void the		
user's authority to operate the		
equipment ¹		
Describe any other FCC	Yes	No
regulatory information included		
in e-label ¹		

¹ If the e-label includes information typically included in the manual then the e-label shall clearly differentiate between information required to be on the device's surface and information required to be in the manual – refer to 784748 D02 e labelling v01 section II D 3(b)

The e-label is provided as the document "E-Label-User-Manual UC-Display21 (0120)".

- B. Access to the required information on the e-label
- 1. Users are able to access the information in no more than three steps in a device's menu.

The actual steps are:

E-label and warning statements can be found in the device/controller GUI under Device > Overview > E-label info

No special access codes or permissions are required to go through the above steps beyond entering a userdefined password to protect against unauthorized access to the device.

2. The information is stored on the device, no special accessories or supplemental plug-ins (e.g., a SIM/USIM card) are required to access the information.

Yes

3. Users are provided specific instructions on how to access the information.

The information to the user is provided in the last page of user manual.

C. Labeling for Importation and Purchasing

Products utilizing e-labels are required to have a physical label on the product at the time of importation, marketing and sales. For devices imported in bulk and not packaged individually, a removable adhesive label or, for devices in protective bags, a label on the bags is acceptable for this purpose. Any removable label shall be of a type intended to survive normal shipping and handling and must only be removed by the customer after purchase. For devices imported already in individual packages ready for sale, the information may alternatively be provided on the package. It shall contain:

- 1. The FCC/ISED ID and/or the DoC logo (if applicable); and
- 2. Any other information required by specific rule to be provided on the surface of the product unless such information is permitted to be included in the User's manual or other packaging inserts.

The FCC/ISED ID, and model number are present on the product packaging.

D. Other considerations

1. The above information must be programmed by the responsible party and the information must be secured in such a manner that third-parties cannot modify it.

The e-label information is pre-programmed by the grantee. The user cannot modify the e-label information.

2. All the applicable regulatory information required on the packaging or user instructions must be provided according to the rules even if it is displayed electronically. For example, hearing aid compatibility (HAC) ratings for the phones as specified in 47 C.F.R. § 20.19. Yes, it is provided.
