SPECIFICATIONS >>>

Bluetooth version:	4.2
Driver spec:	Φ50mm 4Ω/ 6W
Size:	100x86.5x33mm
Net weight:	225 g +/- 5g
Frequency response:	70HZ-20KHZ
Sensitivity:	80dB
S/N ratio:	≥75dB
Distortion:	≤0.3% @ 1W
Working distance:	about 33 feet / 10~15米
Transmission Power:	Class 2, ≤4dbm
Bluetooth profiles:	A2DP,AVRCP,HFP
Working current:	≤600mA
Working voltage:	3.3V--4.2V
Charging voltage:	DC 5V
Charging current:	≤850mA
Static standby current under shutdown status :	≤50 uA
Static standby current under power on status :	≤35mA
Waterproof:	IPX6
Battery capacity:	*1800mAh *1200mAh
Charging time:	about 3-4H about 3H
Playtime at full volume:	about 5-6H about 3H
Playtime at 60% volume:	about 25-26H about 15H

*The battery capacities up to different versions.

WARRANTY POLICY >>>

Your Wireless speaker is covered by a limited warranty. It is backed by 1 year performance warranty against any manufacturing defects in material or workmanship from the date of original purchase. This warranty entitles the purchaser to get the product repaired or replaced under the following conditions:

- The warranty applies to the original purchaser, Proof of original purchase is required
- The warranty does not cover the damage caused by misuse, abuse or improper storage.
- In no event shall be responsible for any direct, incidental, consequential or other damages of any kind.

FCC WARNING >>> ⚠

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
 (1) this device may not cause harmful interference, and
 (2) this device must accept any interference received, including interference that may cause undesired operation.Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However,there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception,which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit differentfrom that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

WARNING >>>

Please choosing the original wireless charging pad for better experience , be sure the speaker put in the right place and pay attention to the red light.

The company reserves the right to the product modification for appearance and function,which is subject to change without prior notice.
