SPECIFICATIONS >>>

Driver spec:	Φ52mm 4Ω/5Wx2
Size:	L204.5*W53.5*H75.0 mm
Net weight:	352g +/-5g
Frequency response:	100HZ - 20KHZ
Sensitivity:	80dB
S/N ratio:	≥75dB
Distortion:	≤0.3% @ 1W
Working distance:	about 33 feet/ 10M
Transmission Power:	Class2, ≤4dbm
Bluetooth profiles:	A2DP, AVRCP, HFP
Working current:	≤700mA
Working voltage:	3.3 - 4.2V
Charging voltage:	DC 5V
Charging current:	≤800MA
Battery capacity:	2200mAh
Static standby current under shutdown status :	≤110 uA
Static standby current under power on status :	≤25mA
Charging time:	about 3-4 hours
Playtime at full volume :	about 3 hours
Playtime at 60% volume :	about 11 hours
Waterproof :	IPX6

IPX6 : No harm for 3-5 minutes water flushing, but don't soak!

WARRANTY POLICY >>>

Your Bluetooth speaker is covered by a limited warranty. It is backed by 1 year performance warranty against any manufacturing defects in material or workmanship from the date of original purchase. This warranty entitles the purchaser to get the product repaired or replaced under the following conditions:

- The warranty applies to the original purchase, Proof of original purchase is required
- The warranty does not cover the damage caused by misuse, abuse or improper storage.
- In no event shall be responsible for any direct, incidental, consequential or other damages of any kind.

FCC WARNING >>> ⚠

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However,there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception,which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment .

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

The company reserves the right to the product modification for appearance and function,which is subject to change without prior notice.

OPTIONAL*
