FCC ID: SY4-A01004

**ATTESTATION LETTER**

**WARNING!**

Users of SY4-A01004 radio modems in North America should be aware, that due to the allocation of the frequency band 406.0 - 406.1 MHz for government use only, the use of radio modem on this frequency band without a proper permit is strictly forbidden. Programming of transmitter frequencies can only be performed by the manufacturer or authorized service and maintenance personnel.

**According to KDB 634817...**

Shanghai Huace Navigation Technology LTD., as a manufacturer of SY4-A01004 applies the certification to contiguous frequency range based on the facts below.

1. All devices delivered to USA do not end to usage in US markets. The local Shanghai Huace Navigation Technology LTD distributor delivers also further to third countries.
2. Shanghai Huace Navigation Technology LTD acknowledges that it is violation of FCC rules if the device operates on unauthorized frequencies. Also end users are informed about this in user manuals.
3. The operation within frequency band 406-406.1 MHz is disabled by the manufacturer.
4. The device SY4-A01004 support frequency range as following:  
403-406MHz  
406.1-473MHz

Sincerely,

Shanghai Huace Navigation Technology LTD.
