Subject: Request for **Short Term Confidentiality**

FCC ID: SYK-WQAR-364-4R

To Whom It May Concern:

In accordance with §0.457(d) and §0.459 of CFR 47, **Teledyne Controls, a business unit of Teledyne Technologies Incorporated**, requests short term confidentiality for the following items

1. External Photographs
2. Internal Photographs
3. User Manual
4. Test Set Up Photographs

For a period of 180 days from Grant date:

These items contain detailed system and equipment description and related information about the product which **Teledyne Controls** considers to be proprietary, confidential and a custom design which otherwise would not be released to the general public. Since this design is a basis from which future technological products will evolve, **Teledyne Controls** also feels that this information would be of benefit to its competitors, and that the disclosure of the information in these exhibits would give our competitors an unfair advantage in the market.

Best Regards,

David Frieden,
Sr. Director of Contracts
