

# Cover letter for FCC application

**Type of device:** transmitter (as part of a remote control system)

**FCC ID:** SYNTAX915

**Model number:** TX 915

**Test report clarification:**

Test results for this transmitter (as part of a remote control system) are covered in the enclosed test report in section 5 through section 7, and including section A.

The receiver (as part of a remote control system) is identified with model number RX 915 and FCC ID SYNRX915 and has ultimately been authorized under Declaration of Conformity and has not been authorized under this or any other FCC application. Section 3 and 4 of the test report refer to the receiver tests and shall be neglected.
