---

3 ADDING YOUR SMART Wi-Fi BULB USING THE FEIT ELECTRIC APP

- Tap **+** in the upper right corner.

NOTE: If this is the first device you are setting up you can also select Add Device (A).

- Tap **Lighting** and select **Lighting Device** (B).
- Power off and on the bulb three times and confirm the light bulb is blinking. Select **Confirm** then tap **Next** (C).
- You will be prompted to confirm your Wi-Fi network and enter password. Then tap **Next** (D).

NOTE: Be sure to connect to a 2.4 GHz Wi-Fi network that covers your installation location.

A   B   C

D

NOTE: If the light bulb is not blinking, turn the light bulb ON-OFF-ON-OFF-ON.

4 STATUS MENU

- The status menu will appear. Wait until it is complete.

NOTE: If unsuccessful, the "**Failed to Add**" screen will appear. Close the app and repeat the previous steps. If successful, continue to step 5.

5 NAMING DEVICES

- To name the bulb tap the **Pen** icon, enter the new name and tap **Done**. The light bulb is now ready to be controlled with the Feit Electric app.

FEIT ELECTRIC
Ampoule Wi-Fi intelligente
Guide d'installation

1 TÉLÉCHARGER ET INSTALLER L'APP FEIT ELECTRIC

- Recherchez l'application Feit Electric dans l'App Store ou Google Play Store.
- Téléchargez et installez l'application Feit Electric sur votre appareil intelligent.
- Créez un compte ou connectez-vous à votre compte existant.

Feit Electric app

---

3 AJOUT DE VOTRE AMPOULE SMART WI-FI À L'AIDE DU APPLICATION FEIT ELECTRIC

- Appuyez sur **+** dans le coin supérieur droit.

REMARQUE: s'il s'agit du premier appareil que vous configurez, vous pouvez également sélectionner Ajouter un appareil (A).

- Appuyez sur **Éclairage** et sélectionnez **Appareil d'éclairage** (B).
- Éteignez et rallumez l'ampoule trois fois et vérifiez que l'ampoule clignote. Sélectionnez **Confirmer**, puis appuyez sur **Suivant** (C).
- Vous serez invité à confirmer votre réseau Wi-Fi et à saisir un mot de passe. Appuyez ensuite sur **Suivant** (D).

REMARQUE: Assurez-vous de vous connecter à un réseau Wi-Fi 2.4 GHz qui couvre votre emplacement d'installation.

A   B   C

D

REMARQUE: Si l'ampoule ne clignote pas, allumez l'ampoule ON-OFF-ON-OFF-ON.

4 MENU ÉTAT

- Le menu d'état apparaîtra. Attendez qu'il soit terminé.

REMARQUE: en cas d'échec, l'écran -**Échec de l'ajout**- s'affiche. Fermez l'application et répétez les étapes précédentes. En cas de succès, passez à l'étape 5.

5 NOMMER LES APPAREILS

- Pour nommer l'ampoule, appuyez sur l'icône du, saisissez le nouveau nom et appuyez sur **Terminé**. L'ampoule est maintenant prête à être contrôlée avec l'application Feit Electric.

RF exposure statement

This equipment complies with the FCC RF radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20cm between the radiator and any part of your body.

This equipment meets the exemption from the routine evaluation limits in section 2.5 of RSS-102. It should be installed and operated with a minimum distance of 20cm between the radiator and any part of your body.

Cet équipement est conforme à l'exemption des limites d'évaluation habituelle de la section 2.5 de la norme RSS-102. Il doit être installé et utilisé à une distance minimale de 20 cm entre le radiateur et toute partie de votre corps.

FCC Warning

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE 1: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
-Consult the dealer or an experienced radio/TV technician for help.

NOTE 2: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

IC WARNING

This device contains licence-exempt transmitter(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:
(1) This device may not cause interference.
(2) This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:
1. L'appareil ne doit pas produire de brouillage;
2. L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Note: Bluetooth function will be turned off in the actual product. Bluetooth will be turned off when the product is working and will not be used
