

<p>Solder Board-Component View 13</p>	 <p>A photograph of a rectangular silver solder board component. The board is populated with a grid of 48 yellow LED chips arranged in 4 rows and 12 columns. Two circular holes are visible on the right side of the board. The board is placed on a black ruler with white markings in millimeters. The ruler shows the board is approximately 100mm long and 30mm wide. Text on the board includes "FL_21848-V1" and "SLP E488002 RC-2.0 94V-0".</p>
<p>Antenna View</p>	 <p>A photograph showing the internal antenna assembly of a device. A black plastic housing is shown from the inside, revealing a circular antenna structure. A small black PCB with a white antenna element is mounted on the structure. Red wires are connected to the PCB. A red box highlights the antenna component, with a red line pointing to a label "WIFI Ant" located above the image.</p>
