

7/28/2009

Dear Application Examiner:

Precor Incorporated is submitting this application for the full modular approval of their model 300181-406, FCC ID: SZNPRCR0111. It is a 13.56 MHz RFID radio that uses a MFRC522 contactless Reader IC manufactured by NXC. The radio is used in exercise equipment for user identification and workout personalization

The radio utilizes a PCB loop antenna, permanently affixed to the radio. This configuration satisfies the requirements of 47 CFR 15.203.

The digital emissions of the product were verified to FCC part 15. In addition, technical reports and exhibits have been provided for the radio to demonstrate compliance with FCC rules 47 CFR 15.225.

Your efforts in reviewing this application are greatly appreciated.

Best regards,

A handwritten signature in black ink, appearing to read "James Minahan".
