

FCC Part 68 Warning:

1.This equipment complies with Part 68 of the FCC rules and the requirements adopted by the ACTA. On the bottom of this equipment is a label that contains, among other information, a product identifier in the format US:AAAEQ#TXXXX. If requested, this number must be provided to the telephone company.

2.A plug and jack used to connect this equipment to the premises wiring and telephone network must comply with the applicable FCC Part 68 rules and requirements adopted by the ACTA. A compliant telephone cord and modular plug is provided with this product. It is designed to be connected to a compatible modular jack that is also compliant. See installation instructions for details.

3.If this equipment [US: T2LIPNABTH58 causes harm to the telephone network, the telephone company will notify you in advance that temporary discontinuance of service may be required. But if advance notice isn't practical, the telephone company will notify the customer as soon as possible. Also, you will be advised of your right to file a complaint with the FCC if you believe it is necessary.

4.The telephone company may make changes in its facilities, equipment, operations or procedures that could affect the operation of the equipment. If this happens the telephone company will provide advance notice in order for you to make necessary modifications to maintain uninterrupted service.

5.If trouble is experienced with this equipment [US: T2LIPNABTH58], for repair or warranty information, Service can be facilitated through our office at: U.S. Agent Company name: 88BVoIP / American Technologies, LLC Address: 611 Jamison Rd Suite 1059 Elma NY 14059 USA Tel: 716-714-8002

If the equipment is causing harm to the telephone network, the telephone company may request that you disconnect the equipment until the problem is resolved.

6.Please follow instructions for repairing if any (e.g. battery replacement section); otherwise do not alternate or repair any parts of device except specified.

For repair procedures, follow the instructions outlined under the limited warranty.

7.Connection to party line service is subject to state tariffs. Contact the state public utility commission, public service commission or corporation commission for information.

8.If your home has specially wired alarm equipment connected to the telephone line, ensure the installation of this [US: T2LIPNABTH58] does not disable your alarm equipment. If you have questions about what will disable alarm equipment, consult your telephone company or a qualified installer.

9.If the telephone company requests information on what equipment is connected to their lines, inform them of:

a)The ringer equivalence number [N/A]
b)The USOC jack required [N/A]
c)Facility Interface Codes ("FIC") [N/A]
d)Service Order Codes ("SOC") [N/A]
e)The FCC Registration Number [US: T2LIPNABTH58]

10.The REN is used to determine the number of devices that may be connected to a telephone line. Excessive RENs on a telephone line may result in the devices not ringing in response to an incoming call. In most but not all areas, the sum of RENs should not exceed five (5.0). To be certain of the number of devices that may be connected to a line, as determined by the total RENs, contact the local telephone company. The REN for this product is part of the product identifier that has the format US:AAAEQ#TXXXX. The digits represented by ## are the REN without a decimal point. For this product the FCC Registration number is [US: T2LIPNABTH58] indicates the REN would be NAN.

12.We suggest the customers use a surge arrester to protect the device.

FCC Statement
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

—Reorient or relocate the receiving antenna.
—Increase the separation between the equipment and receiver.
—Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
—Consult the dealer or an experienced radio/TV technician for help.

Emparejar y conectar con su teléfono IP
1. Coloque el auricular en la base del auricular del teléfono.
2. Siga las instrucciones de la pantalla para conectar BTH58 a su teléfono.

Appairer et connecter votre téléphone IP
1. Placez le combiné sur le socle du combiné du téléphone.
2. Suivez les invites à l'écran pour connecter BTH58 à votre téléphone.

C Pair & Connect with Your IP Phone

1.Place the handset on the phone handset cradle.
2.Follow the on-screen prompts to connect BTH58 to your phone.

Koppeln und Verbinden mit Ihrem IP-Telefon
1.Legen Sie das Mobilteil in die Ladestation.
2.Folgen Sie den Anweisungen auf dem Bildschirm, um das BTH58 an Ihr Telefon anzuschließen.

Emparejar y conectar con su teléfono IP

2. Connect it to another wall outlet. The usage environment is out of operating temperature range.

1. Use in the operating temperature range.

The cable between the unit and the Yealink device is connected incorrectly.

1. Connect the cable correctly.

You cannot connect the cable properly.

1. You may have connected a wrong Yealink device.

2. Use the correct power supply.

Some dust, etc., may be in the port.

1. Clean the port.

Contact your dealer or authorized service facility for any further questions.

FCC Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

IC Statement

1.This device complies with Industry Canada's licence-exempt RSSs. Operation is subject to the following two conditions:

(1) this device may not cause interference; and

(2) this device must accept any interference, including interference that may cause undesired operation of the device. CAN ICES-3(B)

disconnect the grounding cable until you disconnect all other cables.

Battery Requirements

• Do not immerse the battery into water, which could short-circuit and damage the battery.

• Do not expose the battery to an open flame or leave the battery where it could be subjected to extremely high temperatures, which could cause the battery to explode.

• Do power the handset off before removing the battery.

• Do not try to use the battery for the power supply of any device other than this handset.

• Do not open or mutilate the battery, released electrolyte is corrosive and may cause damage to your eyes or skin.

• Use only the rechargeable battery pack delivered with the handset or those rechargeable battery packs expressly recommended by Yealink.

• Defective or exhausted battery should never be disposed of as municipal waste. Return old battery to the battery supplier, a licensed battery dealer or a designated collection facility.

Cleaning Requirements

• Before cleaning the device, disconnect it from the power supply.

• Use a piece of soft, dry and anti-static cloth to clean the device.

• Keep the power plug clean and dry.

Troubleshooting

The unit cannot supply power to Yealink device.

There is a bad connection with the plug.

1. Clean the plug with a dry cloth.

rubber-made materials.

Operating Requirements

• Do not let a child operate the device without guidance.

• Do not let a child play with the device or any accessory in case of accidental swallowing.

• Please use the accessories provided or authorized by the manufacturer only.

• The power supply of the device shall meet the requirements of the input voltage of the device. Please use the provided surge protection power socket only.

• Before plugging or unplugging any cable, make sure that your hands are completely dry.

• Do not spill liquid of any kind on the product or use the equipment near water, for example, near a bathtub, washbowl, kitchen sink, wet basement or near a swimming pool.

• During a thunderstorm, stop using the device and disconnect it from the power supply. Unplug the power plug and the Asymmetric Digital Subscriber Line (ADSL) twisted pair (the radio frequency cable) to avoid lightning strike.

• If the device is left unused for a rather long time, disconnect it from the power supply and unplug the power plug.

• When there is smoke emitted from the device, or some abnormal noise or smell, disconnect the device from the power supply, and unplug the power plug immediately.

• Contact the specified maintenance center for repair.

• Do not insert any object into equipment slots that is not part of the product or auxiliary product.

• Before connecting a cable, connect the grounding cable of the device first. Do not
