

Yealink

Yealink SmartVision 40 Quick Start Guide

1 Package Contents

SmartVision 40

VCR20 Remote Control

(2.5m, 8.20ft)

USB 2.0 (A - B) Cable

(3.5m, 11.48ft)

Power Adapter
(48V/0.7A)

Mounting Bracket

$\phi 6 * 30$ mm, white,
Polyamide

4*30 FAHOZN3+ (+)

1/4inch*12mm

TV-Clip Mount

($\Phi 38 * T1.2$ mm)
Silicone Pad

(20 * 200 mm)
Cable Ties

$\times 1$

Cable Cover

Quick Start Guide

Table Stand (purchase
separately)

Note

- We recommend that you use the accessories provided or approved by Yealink. The use of unapproved third-party accessories may result in reduced performance.
- Use the Yealink original power adapter (48V/0.7A) to charge the endpoint only. The use of the third-party power adapter may cause the damage to the endpoint.

2 Assemble Cable Cover

Find the two slots on the back of S40.

1

3

Connect cables.

× 2

2

Fit A part of the cable cover into the slots.

4

Assemble B part and fix the screws.

3 Installation

Option 1: On the TV stand cart platform or on the desk

Silicone Pad

× 2

Option 2: Mount above a TV or monitor

Velcro A is posted on the inside of M-2 by default

Pay attention to the direction of M-2

Option 3: Mount on the table stand

Option 4: Mount on a wall

Step 1: Determine S40 position

The mounting height affects your camera view. The recommended height is 1.1 m above the ground.

Note: Endpoint embedded installation is prohibited (for example: inside the wall, enclosed space).

Step 2: Mount the S40 to the wall

Hole depth: 30 mm
Hole diameter: 6 mm

3 Adjust the Camera Tilt

4 Remote Control and Cable Ties Installation

Remote Control Installation

Cable Ties Installation

5 Hardware Interface Instructions

Flashing green	There is an incoming call.
Solid red	Muted.
Flashing red	In recovery mode.
Flashing red and green alternately	Pairing with microphone via Wi-Fi.
Solid yellow	On hold.

FCC Caution:

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

IMPORTANT NOTE:

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

ISED Warning

Operation of 5150-5250 MHz is restricted to indoor use only.

This device complies with Innovation, Science, and Economic Development Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:

- (1) this device may not cause interference, and
- (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le fonctionnement de 5150-5250 MHz est limité à une utilisation en intérieur uniquement.

Le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

- (1) l'appareil ne doit pas produire de brouillage, et
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

The device is compliance with RF exposure guidelines, users can obtain Canadian information on RF exposure and compliance. The minimum distance from body to use the device is 20cm.

Le présent appareil est conforme Après examen de ce matériel aux conformité ou aux limites d'intensité de champ RF, les utilisateurs peuvent sur l'exposition aux radiofréquences et la conformité and compliance d'acquérir les informations correspondantes. La distance minimale du corps à utiliser le dispositif est de 20cm.
