Dear HTW:

For our project "PL8660-ETH" that FCC and CE/EMC application, we want to add one product.

Product name : Plug LAN AV 8060 Performance Network Tester

Model : PL8060-PNT

Deviation:

Compare with "PL8660-ETH", these two additional products just change the product name, model and the enclosure color, represent different customers.

That's all, thanks for your help.

Best regards,

Asoka Shenzhen LTD.
