**Subject:** Questions Regarding FCC ID: T42ICM-E600

To: Ms. SunHee Kim / HCT  
From: Mr. Gregory Czumak / PCTEST TCB

RE: FCC ID: T42ICM-E600

Applicant: INNOMTEK Co., Ltd.

Correspondence Reference Number: T427809

Confirmation Number: 709210809

Date of Original Email: September 26, 2007

Subject: Request for additional information

In regards to your recent TCB application referenced above, we kindly request that you provide the following additional information.

1. What is the intended use of the EUT? Where (in what configurations) will it be used? By whom? Will it ever be connected to a pc? IF so, it must also receive authorization as a pc peripheral (certification or DoC). Please explain.  
==> The purpose of this EUT is not fixed yet. But it can be used as a component of the certain products.  
We'll proceed this application as certification or DoC if the the product is pc peripheral at that time. Therefore we've handled this project as Verification.
2. Please verify that the EUT will be marketed to OEM installers only, and not to the end-user.  
==> The EUT will be marketed to OEM installers only, not to the end-user.
3. Will the antenna described in the application always be marketed with the EUT?  
==> The antenna was used only for the testing and is not always be marketed with the EUT.
4. FYI: the limits shown on pp.15-17 of the test report are incorrect.

The items indicated above must be submitted before processing can continue on the above referenced application.

Sincerely,

Gregory Czumak  
Senior Certification Engineer
