

NORTHWEST EMC, INC.

22975 NW Evergreen Parkway, Suite 400
Hillsboro, OR 97124

April 12, 2006

Dear Application Examiner:

On behalf of Softeq Development Ltd., Northwest EMC Inc. is submitting this application for their Durateq 3100, FCC ID: T4V-DH001A. Softeq is seeking a change in identification of equipment per FCC Part 2.933. The original equipment identification is FCC ID: BEJPDA-L05C-WL, which was granted certification on November 2, 2004. The original unit was an HP iPAQ hx2000, which Softeq is now using in a new ruggedized case.

There have been no changes in design, circuitry, or construction. Original test results for FCC ID: BEJPDA-L05C-WL continue to be representative of and applicable to the equipment now labeled by Softeq. Softeq has provided external photos and sample FCC ID labels per FCC Part 2.933(b)(5).

Your efforts in reviewing this application are greatly appreciated.

Best regards,

Northwest EMC, Inc.
