Re: FCC 2.933 Change of Identification

Dear Greg:

In reference to FCC ID BEJPDA-L05C-WL, FCC approval was granted on 11/02/2004. This same equipment is now being used in a ruggedized case.

There have been absolutely no changes to the motherboard, the Bluetooth, or the Wi-Fi 802.11B WLAN module. All of the original electronic equipment remains intact.

The original test results continue to be representative of and applicable to the equipment bearing the new ID number.

Sincerely,

A handwritten signature in black ink that reads "Christopher A. Howard". The signature is fluid and cursive, with "Christopher" on the top line and "A. Howard" on the bottom line.

Christopher A. Howard
President
