主旨： Netcore Technology Inc., FCC ID: T58310GC2006M1, Assessment NO.: AN06T5728, Notice#1

Dear Eric Wong,

I have performed the review of the above referenced TCB application and find that the following items need to be addressed before the review can be completed:

1. The Request for Confidentiality submitted with this application does not contain the FCC ID number of the application. Please submit a revised Confidentiality Request letter that includes the FCC ID number of this device.

5/10/2006

2. The test report does not document the version of the ANSI C63.4 measurement procedure used. Please provide a revised Test Report exhibit that documents the version of the ANSI C63.4 measurement procedure used.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.

Best regards,

Chris Harvey
