**Manufactured
for Insignia Products
Model: NS-CLW01-T
FCC ID: T5Q010902
IC: 8257A - 010902**

Size: 38*20mm

**Tip
(1)We recommend that you mount the transmitter on the North side
of your house, away from sources of heat or cold (such as windows or
vents) and out of direct sunlight or rain.
(2)The transmitter should not be mounted on a metal surface or close
to sources of possible interference, such as cordless appliances and
microwave ovens.
(3)The temperature transmitter should be mounted vertically to
transmit the signal well.**

Size:27*70mm
