Subject: Frequency restrictions for Revolabs Products

Solo Exec, XTAG (FCC ID: T5V01EXESYS, IC ID: 6455A-01EXESYS)
FUSION product (FCC ID: T5V2FUSION8 IC ID: 6455A-2FUSION8)

This letter serves to attest that frequencies of operation for US(N American) versions or the EU versions will be programmed at the factory and not accessible or changeable by installers and integrators of these products. Units programmed for the US(N American) market will be labeled as such and bear the FCC logo. Units programmed for the EU market will be labeled as such and bear the CE logo. This applies to all Revolabs wireless microphones systems, including Solo Executive, xTag and FUSION models.
