Overview

Application is for a limited modular approval of a UPCS radio under FCC part 15D. The radio will be used in Kogeto's model LUCY, which is a consumer-oriented panoramic video capturing system that provides an immersive video experience of a recorded environment. LUCY interfaces with a personal computer and has been DoC authorized. The radio is contained in the wireless microphones used in the high fidelity audio portion of the LUCY system.

Confidentiality requested for allowed files. Request is properly addressed and referenced.

No short term confidentiality requested.

A letter listing the applicable modular requirements was submitted.

Recommendation

All items have been resolved and completed to my satisfaction; therefore I recommend this application for approval.
