

- Full duplex VoIP support
- Remote control of camera illumination, freeze frame, zoom, manual focus, and stream parameters
- Telestration – remote drawing support
- Easy to use connection manager – familiar instant-messaging-like interface

FCC Information to Users

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at his own expense.

This equipment was tested for RF Exposure compliance and meets the requirements with Maximum Peak Spatial-Average SAR_{1g} of 0.01 W/kg. No metallic accessories should be used with this device and multiple devices should not be co-located at a distance of less than 20 cm.

Warning: Changes or modifications not expressly approved by LibreStream Technologies Inc. could void the user's authority to operate this equipment.
