Re: Change of ID from:

TRW FCC ID: GQ4-32T, IC:
1470A-13T
to: EnTire FCC ID: T7B-4T, IC:
6484A-4T

Please find enclosed application materials for a Change of ID for a previously filed TRW tire pressure sensor transmitter for use by EnTire Solutions.

History:

Original Grant: June, 2006; FCC ID: GQ4-32T, IC: 1470A-13T; (IC Model/PN: 42607-0C030, 42607-0C040), CL I Change: Software Modification, IC PN: 42607-0C050, 42607-0C060

Current Action

It is requested that the TRW FCC ID: GQ4-32T, IC: 1470A-13T, PN 42607-0C030 be multiple listed with EnTire Solutions, FCC ID: T7B-4T, IC: 6484A-4T, PN 221670-101. No modifications have been made to the device, only the laser etching of the label is being changed to accommodate EnTire Solutions as the aftermarket seller of the product.

No measurements were made on the device in question since no modifications are being made to the originally certified device.

If there are any questions, please call me at (734) 483-4211, e-mail: liepa@umich.edu.

Sincerely,

A handwritten signature in black ink that reads "Valdis V. Liepa".
