

## RF antennas specification

Manufacturer: RTX Hong Kong Ltd.

Manufacturer address: 8/F Corporation Square, 8 Lam Lok Street, Kowloon Bay, Hong Kong

## Antenna photos and location

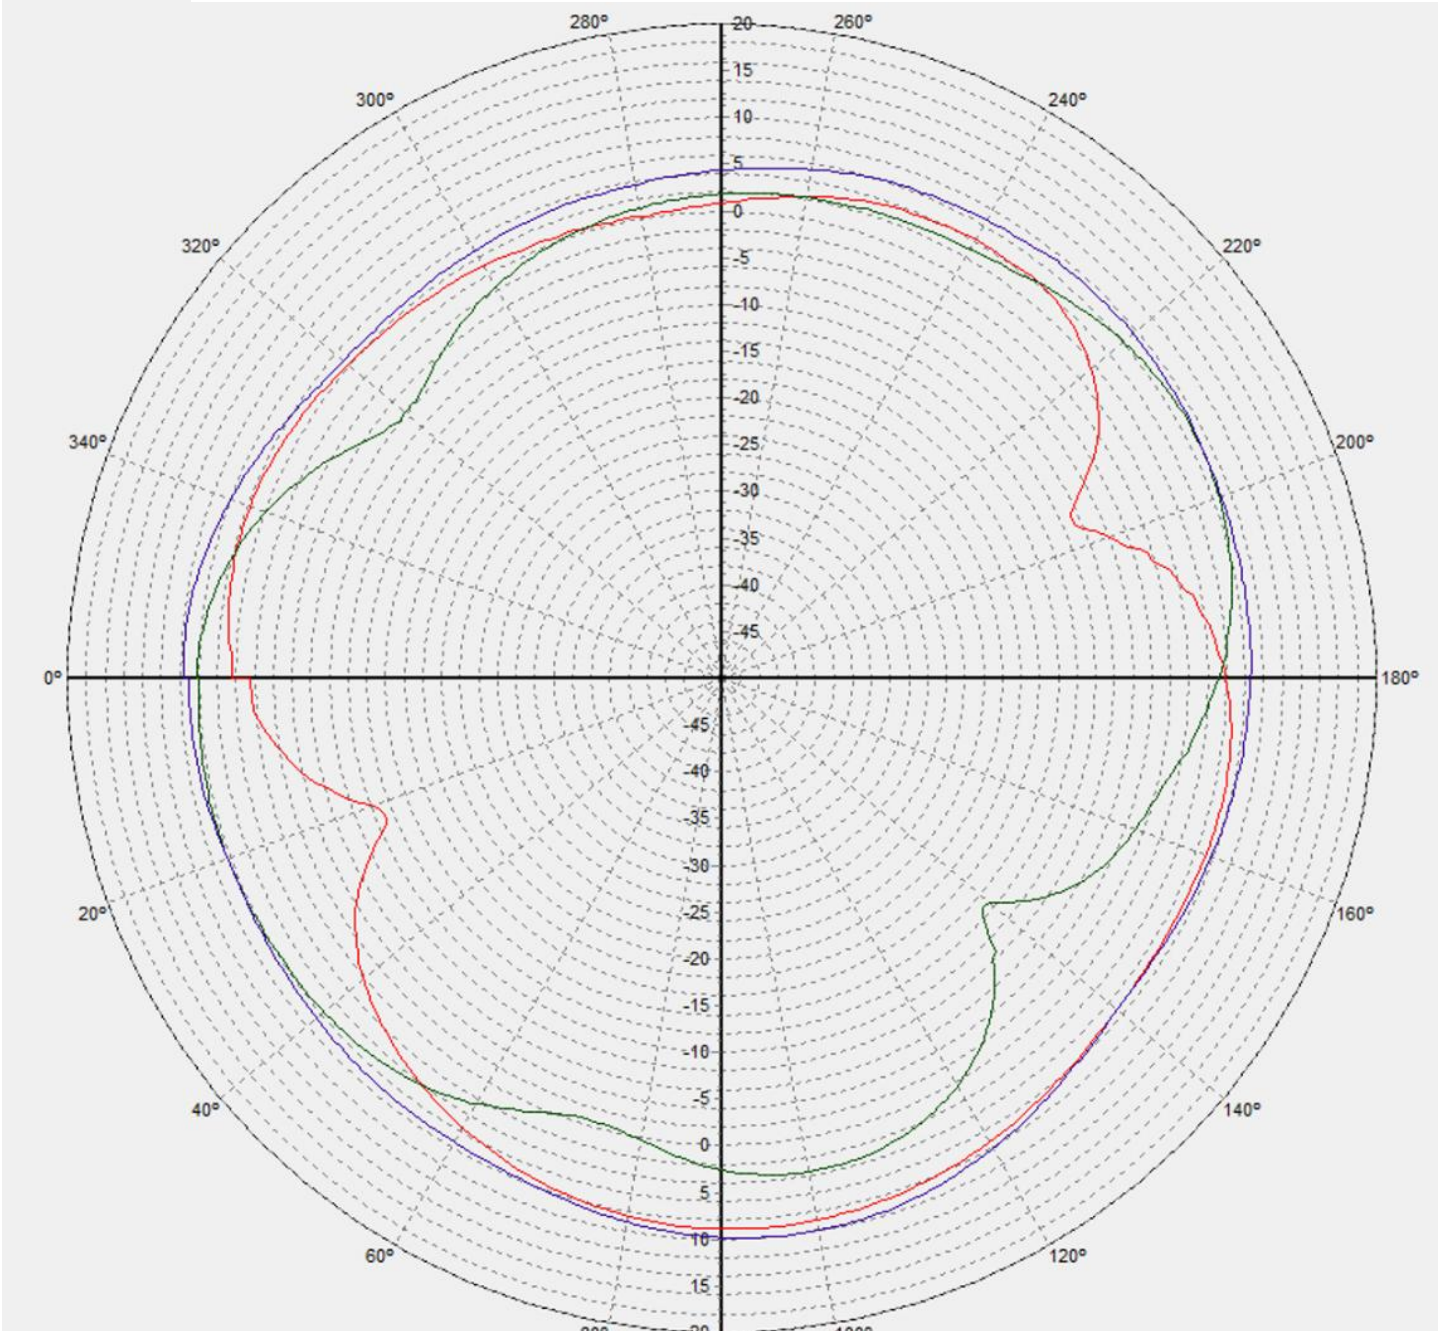

BT antenna – BT ANT

Antenna gain is approx. -1 dBi for 2402-2480MHz.

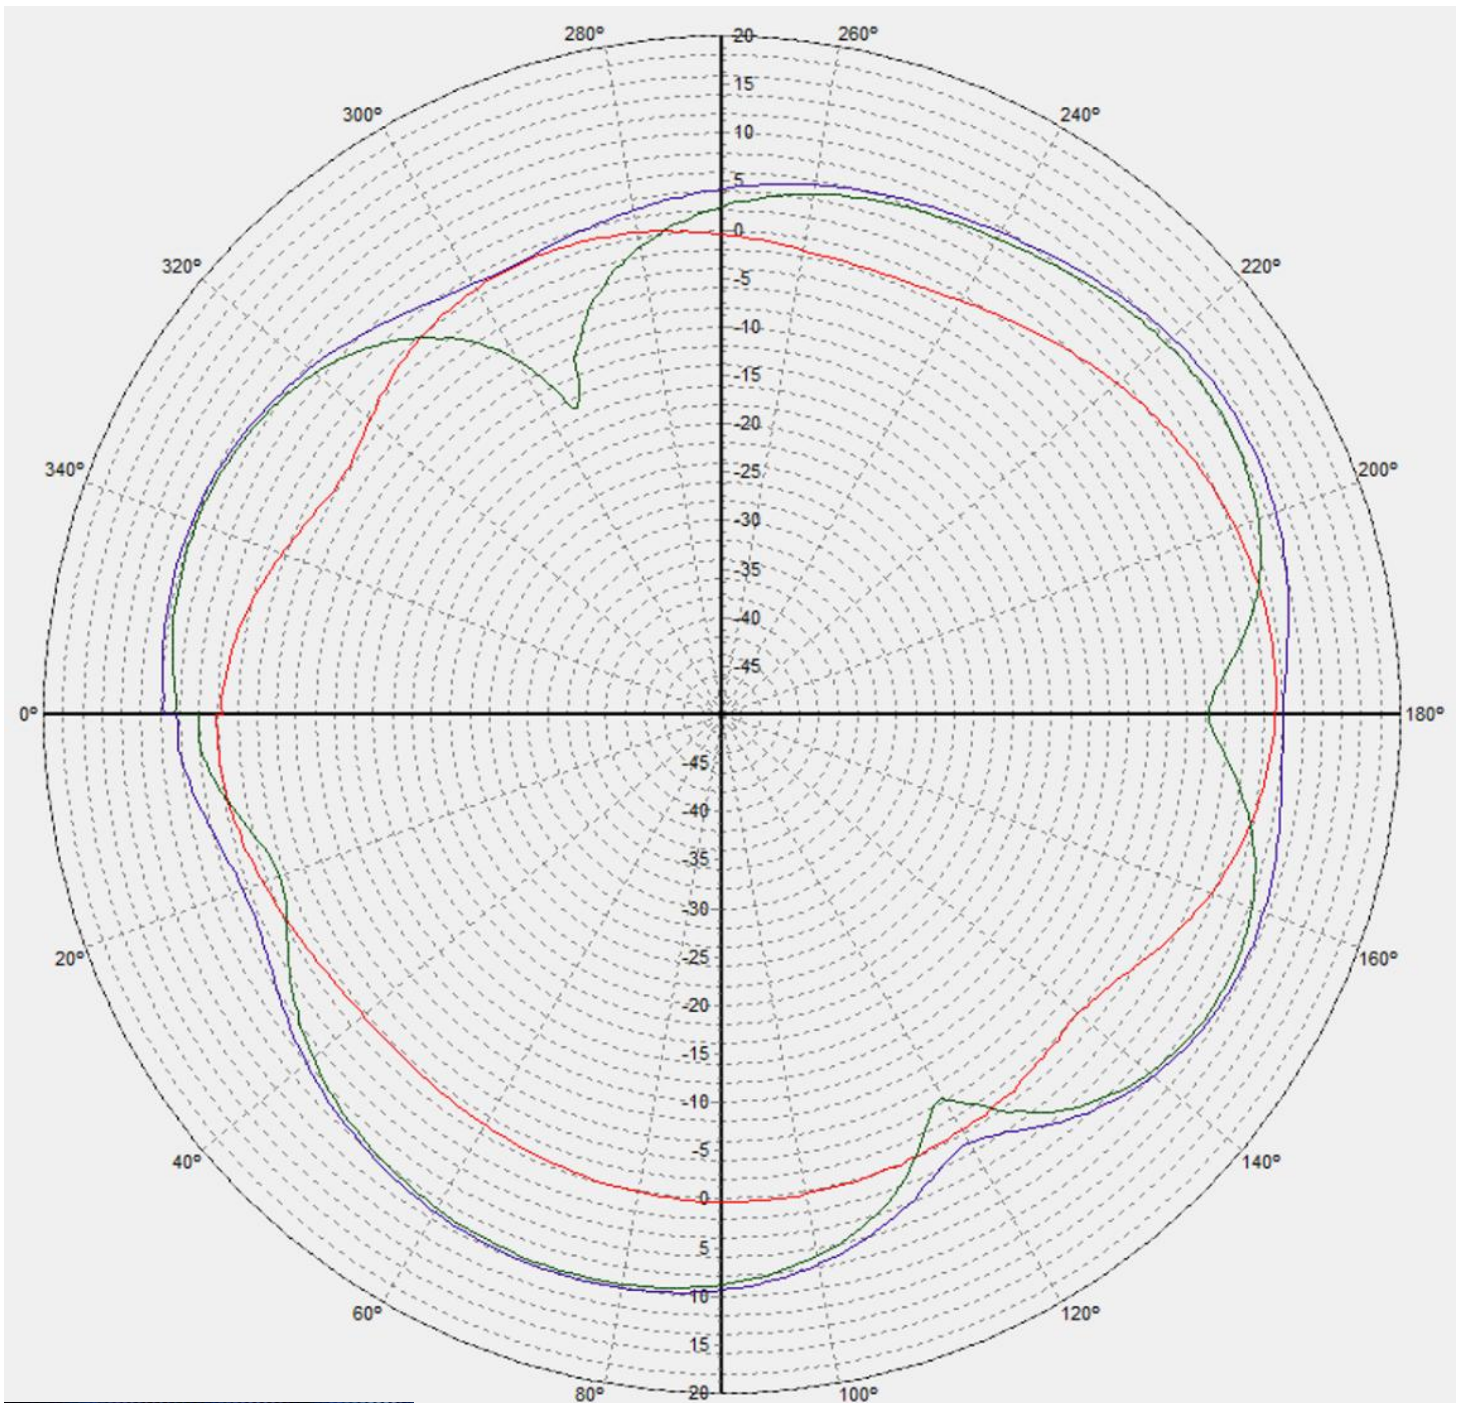

The radiation pattern is in vertical.

- Vertical
- Horizontal
- Sum

The radiation pattern is in horizontal.

- Vertical
- Horizontal
- Sum

DECT antenna -DECT ANT 1 and DECT ANT 2

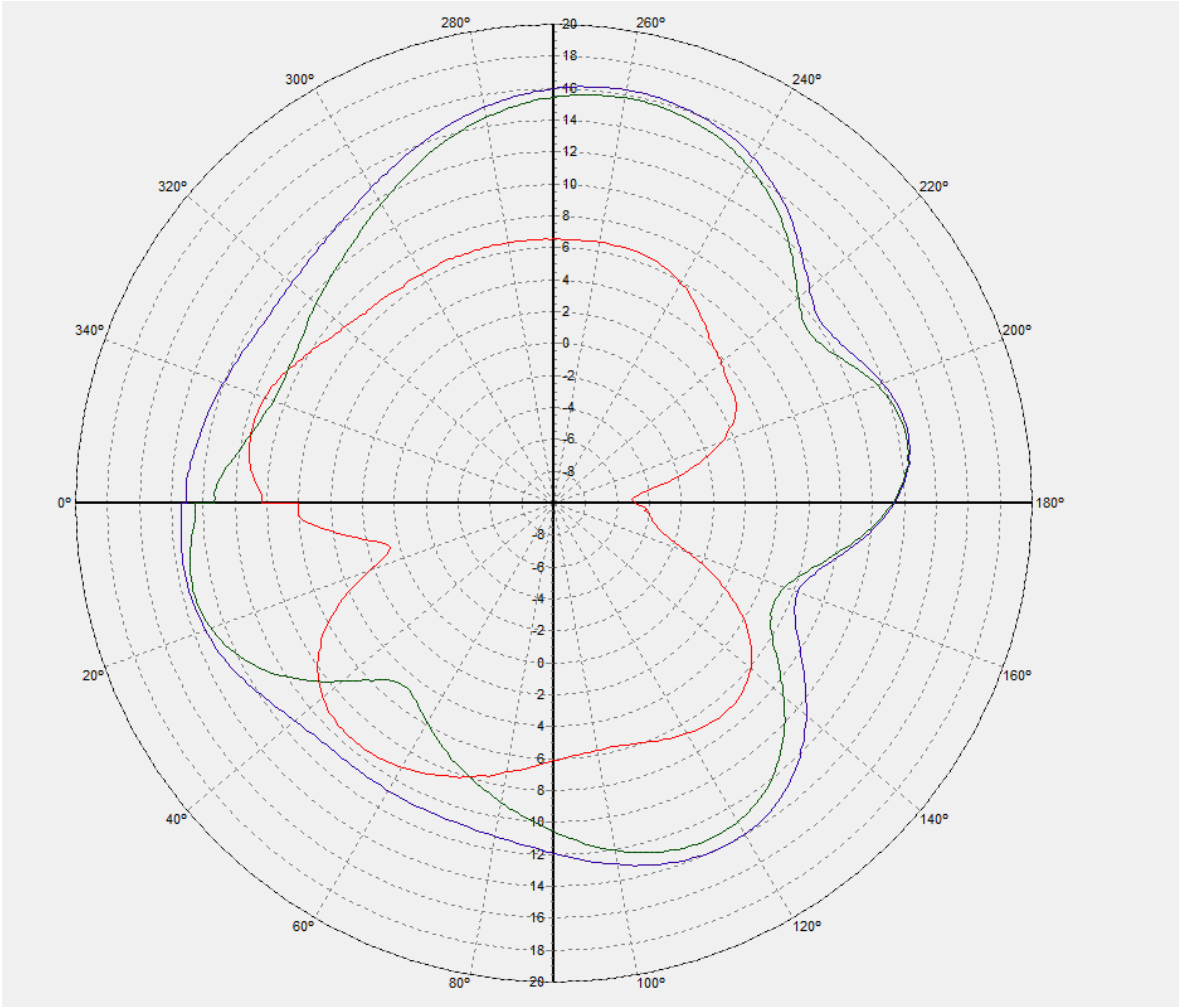

The antenna gain is approx. -3dBi for both antennas DECT ANT 1 and DECT ANT 2.

The radiation pattern is in horizontal.

Radiation pattern of DECT antenna A1 when lay down as shown on picture

- Vertical
- Horizontal
- Sum

Radiation pattern of DECT antenna A2
