

U.S. Department  
of Transportation  
**Federal Aviation  
Administration**

**JUN 13 2007**

Mr. Andy Leimer  
Federal Communications Commission  
7435 Oakland Mills Road  
Columbia, Maryland 21046

Dear Mr. Leimer:

In reference to the FreeFlight Systems application for Federal Communications Commission (FCC) certification of FCC ID: T7YRA4000E. The Federal Aviation Administration has no objections to the certification of the RA4000E Radio Altimeter that transmits in the 4200 MHz to 4400 MHz band as specified in FreeFlight Systems' certificate of compliance.

If you require any additional information, please contact Mr. Dan O'Rear, Spectrum Planning and International Office, at (202) 267-7365.

Sincerely,

  
Oscar Alvarez  
Acting Director, ATC Spectrum  
Engineering Services
