Ref: Leverage of conducted test reports from NTG7Q MID

Type of equipment:	Automotive Infotainment System
Brand name/Model name:	Mercedes-Benz/ NTG7Q MID, NTG7Q HIGH, NTG7Q PREMIUM
FCC ID:	T8GNTG7QMID, T8GNTG7QHIG, T8GNTG7QPRE
IC:	6434A-NTG7Q MID, 6434A-NTG7Q HIGH 6434A-NTG7Q PREMIUM

To whom it may concern,

We hereby attest that we have followed the testing strategy based on the reuse of the conducted test results from the product NTG7Q MID.

All 3 products NTG7Q are identical within the BT/WLAN interface, as is declared in the Declaration of similarity letter. Based on the manufacturer's declaration, the conducted test results performed over one product can be leveraged among the rest.

Thus, radiated tests have been performed in the device under test to gran full compliance with the RED, FCC and ISED regulations.

Sincerely,
